### Contents:

40 4-8 word sentence cards, ten blank cards to make your own, past/present/future mat, "and" mat, board game.

### Five ideas for using these cards:

1. Sentence repetition: play the board game and have the student repeat each sentence verbatim.
2. Auditory Closure: play the board game, read each sentence, then repeat but leave off the last word for the student to fill in the blank.
3. Compound sentences: play the board game and have the student draw two cards per turn to combine with "and" on the mat.
4. Present, past, and future tense verbs: play the board game and have the student say the sentence in past, present, and future tense while moving the card along the mat (e.g., "Yesterday I washed the dishes", "Today I am washing the dishes", "Tomorrow I will wash the dishes")
5. Social inferencing: play the board game and ask the student how someone might feel if the student did that.

I can  
wash  
dishes.

JustSpeechieSLP

I help  
clean  
up.

JustSpeechieSLP

I make  
my bed.

JustSpeechieSLP

I walk  
the  
dog.

JustSpeechieSLP

I turn  
off the  
light.

JustSpeechieSLP
